Bringing Commercial Performance Home

The Project

Granite Collection tables from Keller Products LLC Completed 2026

- Commercial Residential Sector
- Material: DM5014 Luna and DM5018 Bianca Sabbia
- Design: Keller Products LLC

The Challenge

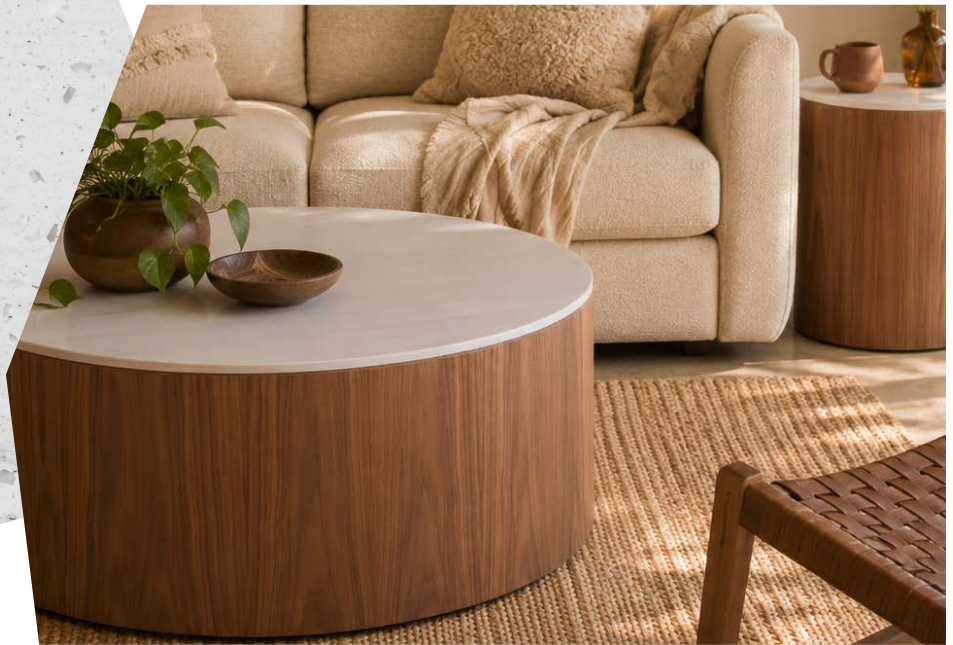

When Keller Products set out to launch a new collection of side and coffee tables for the residential market, they wanted every detail to reflect the craftsmanship their brand is known for. The new line, offered through leading online retailers, needed a tabletop material that paired beautifully with their woodworking expertise while delivering the durability homeowners expect from everyday furniture.

Beyond the initial launch of three tables and two finishes, Keller was also looking for a material that could grow with the collection—offering the flexibility to introduce new colors, sizes, and designs in the future.

Materials

Working with fabricator Counter Pro, Inc., Keller selected Durasein Solid Surface for the initial collection. The non-porous surface offers easy maintenance and lasting durability, making it a practical choice for everyday living without compromising on design.

One of the collection's coffee tables features a 36-inch diameter top. By utilizing Durasein's Wide Sheets, Counter Pro was able to fabricate the large surface without visible seams.

The Result

The Granite Collection includes two side tables and one coffee table, each pairing a cylindrical white oak or walnut veneer base with a Durasein Solid Surface top. Available in Luna and Bianca Sabbia, the collection delivers a refined, durable surface that's built for everyday use and is available through Wayfair's premium brands, including Perigold, AllModern, Joss & Main, and Birch Lane.

Residential Durasein Solid Surface

With a wide range of colors and built-in durability that protects each buyer's investment, Durasein Solid Surface is a practical choice for residential furniture. Our engineering expertise ensures unlimited amounts of matching material, and our creative team is always on hand to help bring your unique vision to market.
