Sinks
catalog

—
Let your
creativity flow.

Your worries, down the drain

We've got this, you've got this.

Sinks and skills – we've got both. We've years of experience designing and manufacturing these shaped delights, everything from bathroom vanities to hospital essentials. We love to collaborate with designers to create sinks that suit any application. Stock or special order, we've got you covered.

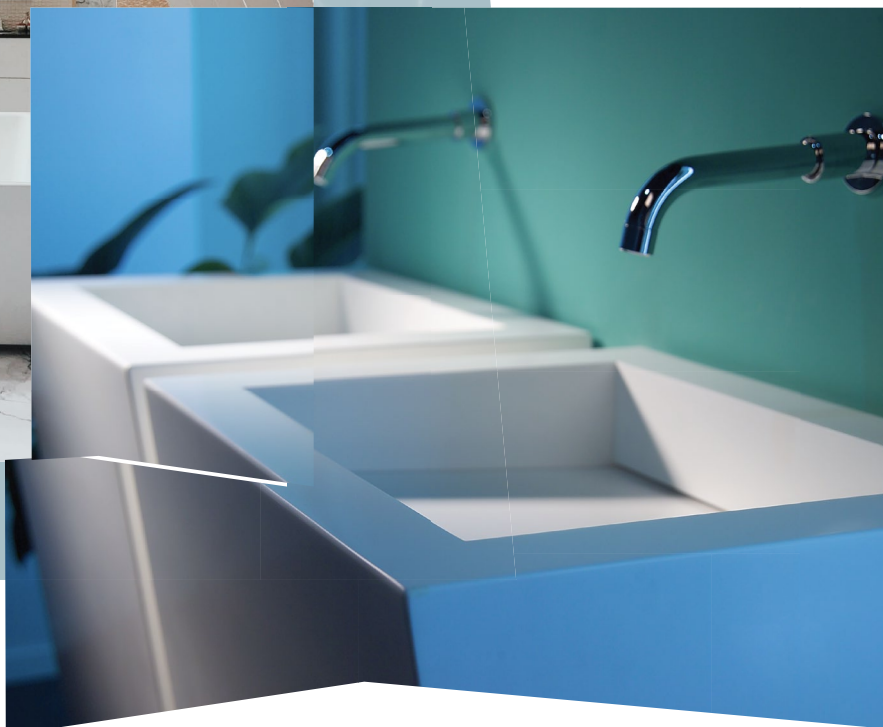

For us, design is as important as function when it comes to our sinks. It's what breaks the mold. We don't stop at our high-quality acrylic sinks. Our in-house custom sink design and production capabilities mean we're ready to help you make something special.

Any sink.
Any quantity.
Anywhere in the world.

No idea is too big.

If you can't find something you love in our standard offering. Give us a shout. Our team of creative customizers here at D.Lab will whip up your wildest creations.

—
Sinks &
skills, we've
got them
both.
